PROFILE SUMMARY

B.Tech CSE Graduate (2025) with CCNA Certification and hands-on exposure to Networking, Linux Administration, Firewalls, and Python scripting. Completed SkillEcted Cybersecurity Career Program and AWS Cloud Practitioner. Targeting entry-level roles as NOC Analyst / SOC Analyst L1 / Network Engineer in Delhi-NCR. Familiar with TCP/IP, VLAN, DNS, DHCP, routing protocols, and SIEM/log monitoring concepts.

TECHNICAL SKILLS

Networking	CCNA, TCP/IP, VLAN, OSPF, DNS, DHCP, VPN, Subnetting, Routing & Switching
Security	Firewalls, ACLs, Wireshark, Packet Tracer, Ethical Hacking Basics, Network Hardening
SOC / SIEM	SIEM Concepts, Log Monitoring, Incident Response (Fundamentals), Vulnerability Assessment
OS & Admin	Linux (Ubuntu/CentOS), Windows, Active Directory (Fundamentals), Bash Scripting
Programming	Python, C
Cloud & Tools	AWS Cloud Practitioner, Git, Cisco Packet Tracer

PROJECTS

Network Monitoring & Firewall Configuration Lab

Personal Lab | Cisco Packet Tracer, Linux, Wireshark

- Configured VLANs, inter-VLAN routing, OSPF, and static routes across a multi-router topology in Cisco Packet Tracer.
- Set up firewall ACL rules to allow/block traffic between segments; verified filtering with Wireshark packet capture.
- Performed Linux system hardening: disabled unused services, configured UFW rules, and monitored auth logs.

AI-Powered Mental Health Companion

Academic Project | React, Node.js, Python, PyTorch

- Built full-stack web app with React frontend and Node.js backend serving a PyTorch emotion classification model.
- Designed responsive UI/UX; integrated real-time AI responses with sub-2s latency via REST APIs.
- Managed async data flow between frontend and ML backend; delivered functional prototype.

Fake News Detection using Machine Learning & NLP

Academic Project | Python, Scikit-learn, NLP

- Trained TF-IDF + Logistic Regression classifier achieving ~88% accuracy on test dataset.
- Built visualization dashboard to display prediction confidence scores and model performance metrics.

EDUCATION

B.Tech - Computer Science & Engineering	Institute of Technology, Gopeshwar (UTU)	2025 CGPA: 6.9
Diploma - Information Technology	Govt. Polytechnic Lohaghat, Champawat	2021 CGPA: 7.4

CERTIFICATIONS

- CCNA - Cisco Certified Network Associate
- Cybersecurity Career Program (SkillEcted)
- AWS Certified Cloud Practitioner
- Cybersecurity Fundamentals
- Complete Python Bootcamp

ADDITIONAL INFORMATION

Languages	English, Hindi
Interests	Cybersecurity Research, Ethical Hacking, Networking Labs, SOC/NOC Operations, TryHackMe Challenges
